Cleans, scrubs and restores
Small and handy
Effective
Collapsible
Fits easily into the back of a small van*

Natural stone

HTC 420

The multi machine for all flooring contractors

A full basic set of equipment for natural stone grinding

The complete equipment for grinding of natural stone

HTC Sweden AB offers a complete starter pack for grinding of natural stone. Besides the grinding machine HTC 420, our powerful wet vac HTC 21 W is included in the package. HTC 21 W is easily connected to the machine and effectively sucks up all the waste water and makes the floor around the machine dry during work. The machine is also equipped with an integrated transportation pump that effectively pumps the slurry to wanted destination. Just like HTC 420 HTC 21 W is run on 220 V and can therefore be used in most places.

New equipment

We have put together a starter pack for grinding of natural stone. We call it the Natural stone package. In this package one HTC 420 and one HTC 21 W is included with the following grinding tools; SGW 3, SGW 4, SGW 5, SPW 00, SPW 02, SPW 04, SPW 06. One package of MPC (Marble Polishing Compound) is also included together with 3 polishing pads with holders belonging to them.

Handy add-on packages available for:
natural stone - polished concrete - cleaning - wood
