

Service List

Sales Staff Nov 2011

Servicing an industry in these times requires a real commitment in product, premises and people. Nuplex maintains a comprehensive network of Tradeshops around New Zealand. Tradeshops are essential to service an industry with short lead-times and short advice. Our stores are open 7.30 – 5.00 daily and usually Saturday 8.00-12.00.

Installing flooring requires a complex mix of floor preparation, tools and accessories, the flooring itself and finishing items. Nuplex tradeshops supply all these with personalised and experienced service. Regional service is required to fully service our customers and end clients.

Real service means a real commitment to people, regional premises, hours of operation and friendly goodwill.
