New Zealand Stocked vinyl list NUPLEX COMMERCIAL VINYL

This list is intended as a guide to the product, style and colour of vinyl products stocked by Nuplex Construction Products. It is a guide only and supply is not guaranteed as sales may affect stock at any one time. However it is a good representation of the stocks and colours Nuplex will hold in New Zealand. Contact your Nuplex representative to confirm stocks or to place an order to reserve stock. This list does not indicate quantities held; please enquire for information.

LOCATIONS: Auckland is the main location but stock is held in Hamilton, Wellington and Christchurch also. Vinyl cut lengths can be provided in all four centres.

For other products, refer to the full manual selections, indent sea freight is 10-14 weeks from Europe. The main determinant is the stock availability from the host manufacturer.

TYPE	COLOUR	Feature	Cost
DURAFLOOR PLUS (PU coated)	Arctic Dolphin Charcoal Bermuda Sapphire Atlantis Champagne Hessian Cocoa	DURAFLOOR Plus PUR is a polyurethane coated homogeneous directional commercial floor vinyl. It has been sold in NZ for over 15 years. Its durability, full colour range readily available cut lengths make this product a very well accepted vinyl floor covering by NZ commercial retailers and tradesmen. A good colour range is stocked and all are available on import.	3
ECLIPSE PUR	Cappuccino Jet Granite Azure Ice Chamois Surf	Eclipse PUR is a polyurethane reinforced, homogeneous, non-directional commercial floor vinyl. Its durability, full colour range readily available cut lengths make this product a very well accepted vinyl floor covering by NZ commercial retailers and tradesmen. The chip non directional pattern provides an attractive effect in a commercial floorcovering. A good colour range is stocked and all are available on import.	5
